

To Whom It May Concern:

I am writing this reference at the request of Daniel Hutchison, who is applying for this college baseball program.

I have known Daniel for one year in my capacity as a teacher at Chandler High School. Daniel was in my honors chemistry class and earned stellar grades in that class. Based on Daniel's grades, attendance, and class participation, I would rate Daniel's academic performance in my class as superior.

Danie has a number of strengths to offer your program. Daniel is always interested in supporting others. For example, in his chemistry class, we often work in small groups, where Daniel does a great job answering questions and in helping other members stay on task.

Daniel also does a great job of persevering. He is a hard worker, and he is tenacious. He never gives up on a problem during class time. He always made sure to complete his academic work so that he could participate in the Chandler High Baseball program; he is a student first so that he can also excel at baseball as well.

In conclusion, I would highly recommend Daniel Hutchison. If his performance in my class is any indication of how he would perform in your program, Daniel will be a positive addition to your organization.
